## Admissions Information

### Mid-Year Transfers

We currently have space for a few students in our middle school classrooms (ages 10 to 14). Interested families should contact me to arrange a January parent tour and student visit. Our preschool through upper elementary classes are full, but we continue to accept students on the waiting lists for any mid-year openings.

### Admissions for Fall 2012

We are now accepting applications for students ages three through middle school for fall 2012. Preschool applicants should turn three by September 30, 2012. We consider students for enrollment on a first-come, first-served basis based on the date of application. Parents should schedule a parent tour with me now to start the admissions process. All applicants must visit in one of our classrooms for one to three days as part of the admissions process with the number of visit days determined by the child's age. I will be contacting parents over the next month to arrange dates for student admissions visits.

## Financial Aid Applications

Applications for financial assistance for the 2012-13 school year are available online through the link on our website. You should file your financial aid application with SSS by February 29, 2012, in order to be considered for the tuition assistance grants awarded in late March 2012. Only those students who have applied to Community School and been accepted for admission will be notified of assistance grants in March. Please watch for a separate e-mail with specific information about the financial aid process.
