\*A tote bag or backpack (no wheels, please) that can easily hold a standard-sized folder and your child's lunchbox

\*Indoor shoes (such as crocs or slippers) that are quick and easy for your child to get on and off. Please label them; we will keep them in the classroom throughout the school year. If you also want to send in mud boots to keep at school, that is fine; just be sure to label them, too.

\*A ziplock bag containing a complete change of seasonally appropriate clothing for your child. Please label them; we will keep them in the classroom throughout the school year.

\*1 canister of Wet Ones hand wipes (or something similar)

\***Girls:** 1 box of #2 pencils and 1 container (or refill pack) of diaper-type wipes such as Huggies or Pampers.

\*We will be working with money everyday. Please send in the following coins in a ziplock bag labeled with your child's name: 4 quarters, 10 dimes, 20 nickels, 15 pennies.

\*Optional: We will be using expo dry erase markers a lot throughout the school year. If you see some with a decent price, and you don't mind picking up a pack, send those in, too. Thanks!

\*\*These supplies will probably get us through the year, but we may ask you for a small resupply in January or February. We'll keep you posted.

You will notice that we are not asking for paper towels this year. We are trying something new; we will be using reusable washcloths to wash down tables and wipe up spills. We will bring them home each Friday to wash. If you would like to get in on the washing action, please let us know, otherwise we are happy to do it! :) On that same note, we will be using white vinegar/water/soap in our cleaning spray. If anyone would like to bring in a jug or bottle of white vinegar, that would be great!

You will also notice the "All About Me" bag in your envelope. Please place 4-6 small items in the bag to bring the first week of school. You will show these items to your classmates and then bring them back home for safe keeping. The items can be trinkets from a special trip, photographs, or small toys--anything that will help us get to know you. If you love something big and it won't fit in your bag, please draw a picture of it.

Please note for Language Arts and Humanities classes that we typically ask families to purchase or use the library to obtain novels for their student throughout the year. Though we have some copies of books at schools, it is often easier when students have personal copies.

Our technology teacher, Nicole Cooper, has asked that all third and fourth year students have an email address that they will check regularly and can use to sign up for a variety of programs we'll use during the school year. Our preference is Gmail, as we will use many Google products made specifically for the classroom. Parents and guardians can create an account using their personal information if you would prefer to not use your child's.
