Bricks to Pave the Way

Leave a lasting impression on the Community School campus by purchasing a commemorative brick honoring your connection to the school. Recognize a beloved teacher or administrator, a student's time at the school, a family of graduates or a loved one by personalizing a brick as a lasting tribute.

The 4x8 or 4x4 bricks sizes are engraved using state-of-the-art laser technology. Bricks will be installed along the brick walkways on campus. *Every brick engraving is guaranteed for life!*
